

California Citizens: Act From Our State Capitol To Support Arizona

Pledge Your Support For Arizona In Their Bold Step To Save Their State.

Date and Time: Thursday, July 8th from 9:00 am to 5:00 pm

Location: California State Capitol; North Steps

This event will be held by Californians, from our state capitol, to proclaim our alliance, and pledge our support for our neighboring state of Arizona as they valiantly take a stand against the foreign invasion and unchecked migration that has become a pox on its' citizens and a drain on their resources.

From the grounds of the California State Capitol we will raise the golden flagpole and hoist upon it the flags of the California and Arizona republics, and the U S Border Patrol Flag. Below it we will display Arizona's newly drafted law, and offer a declaration in support of it with opportunity for all to sign. There will also be a display in tribute to Border Patrol and other sworn officers who have fallen to to foreign invasion on the southern borders of California and Arizona.

This event will be open to associates and associated groups. If your group/organization would like to host the event for an hour or two during the day, you may display your banner and distribute your material during that time.

For those who cannot attend, we will stream video and pictures to the SaveOurState.info website and as a back-up, to the FightBackInSac.com website throughout the day for you to send to your friends and neighbors, or anyone you see fit in the State of Arizona to advise and notify them that they are not alone and that they have California's support.

Our flags and table will be set up on California's State Capitol grounds, on the northern side close to the sidewalks that lead to the Capitol entrance. We will pass out literature, display information, and speak to our fellow citizens about illegal immigration, border security, sovereignty, and security of American Citizens

We will also condemn "One Bill" Gil Cedillo's effort to speak for all Californians on the Arizona SB1070 issue. The California Latino Legislative Caucus cannot be allowed to speak on behalf of all Californian's.

Save Our State's event area will include a small public address system, access to 110v power, and display fixtures for print media. If you or your group would like to co-host the booth for one or two hours during the day, contact us at:
